SUMMARY

As a recent MCA graduate with a solid foundation in programming languages such as JAVA Language and HTML & CSS ,SQL. Experienced in working with Hands-on assignments in JAVA, and problem-solving skills and internships. Proficient to learn new technologies. Passionate about technology and eager to contribute my coding and analytical skills in my carrier, while continuing to learn and grow in the field.

ACADEMIC PROJECT EXPERIENCE

- **IPATH :PATH INFERENCE IN WIRELESS SENSOR NETWORKS**
- **IPath:** Developed a system to exploit high paths and iteratively infer from shorter paths, achieving a higher reconstruction ratio in networks.
- **Key Steps:**
- **Software Requirement Analysis and Requirements:** Conducted a thorough analysis to identify both functional and non-functional requirements.
- **Modules:** Designed and implemented various project modules to streamline functionality.
- **SDLC Methodologies:** Utilized various SDLC methodologies to ensure efficient and systematic development.
- **Java Technology:** Employed Java technology for building robust and scalable solutions.
- **Functional and Non-Functional Requirements:** Ensured that all project requirements were met effectively, balancing performance and usability.

SKILLS

JAVA

HTML & CSS

SQL

MANUAL & FUNCTIONAL TESTING

SDLC

EDUCATION

10th STANDARD

Z.P High School

Scored 87%

JUN 2015 - MAR 2016

INTERMEDIATE(11th & 12th)

S.L.N Degree College for Girls

Scored 85%

JUN 2016 - APR 2018

BSC (Bachelor of Science)

S.L.N Degree College for Women

Scored 86%

JUN 2018 - JUL 2021

MSC (Master of Computer Applications)

Annamacharya Institute of Technology and Science (Autonomous)

Scored 84%

JUN 2021 - JUL 2023

COURSE AND CERTIFICATION

Completed Full Stack Java course
Certificate by NPTEL

LANGUAGES

ENGLISH, TELUGU, HINDI
