Skills

Technical Skills

- Python
- Java
- Ui/Ux
- Html
- Css
- JavaScript
- MySql

Development Tools

- Vs Code
- Eclipse

About Me

I am Sai Mounika, a passionate learner with experience in UI/UX Designing and Full Stack Development. I've interned at Pixel Wind and HMI, where I worked on a personal portfolio and an "Online Project Management System" using Java. Participating in hackathons and workshops has boosted my problem-solving and collaboration skills. I hold certifications like NPTEL and am committed to continuous learning and impactful tech contributions

Projects

Online Project Management System

It is an education based website, which helps the students and the faculty to get all the resources about the projects available online. The website was developed using Html, Css, Java, JavaScript, Sql, And Servlet. My role was frontend development

Personal Portfolio

Creating webpages by using figma tool in UI/UX design(non-coding)

Certifications

- Full Stack Programming-DATA PRO
- Ui/Ux Design - PIXELWIND TECHNOLOGIES
- Amazon Web Services(Cloud Computing)-APSSDC
- Python -NPTEL
- Java - NPTEL

Achievements

- Participate in HACKATHON conducted in my college
- Participation certificate in ATHLETICS conducted by university
