WORKSHOPS

[8 Nov 2024 – 10 Nov 2024]

Literature search & Reference Management

Participated in an intensive workshop focused on advanced literature search techniques, effective database usage, and citation management tools. Gained hands-on experience with reference management software (e.g., EndNote, Zotero) to streamline academic writing and research workflows, ensuring accurate citation practices and enhancing productivity in scholarly projects.

PROJECTS

[26 Nov 2020 – 26 Apr 2021]

Determination of Sugar Content by Measuring Angle of Refraction

Conducted a hands-on project to determine the sugar content of various solutions by measuring the angle of refraction using a refractometer. The project involved applying principles of light refraction and optical analysis to quantify sugar concentrations, demonstrating proficiency in laboratory techniques, data analysis, and the practical application of physical science concepts. This experience strengthened my problem-solving abilities and attention to detail in scientific research.
