Career Objective

Motivated and detail-oriented BCA graduate seeking an opportunity as an Associate – ML Data Operations (GO-AI) at Amazon. Eager to leverage my skills in image/video analysis, system troubleshooting, and software testing to contribute to automation and inventory accuracy at Amazon Fulfillment Centers.

Key Skills Aligned to Amazon Role

- High Attention to Visual Detail: Capable of reviewing hundreds of short videos daily with accuracy.
- Strong Focus and Judgement: Ability to analyze blurry or unclear visuals to identify stowing actions.
- Target-Oriented Work Ethic: Experience meeting daily productivity and quality goals in academic projects.
- System & IT Support Knowledge: Skilled in troubleshooting systems, remote tools (TeamViewer, RDP), and installing updates.
- Software Testing Skills: Familiar with SDLC, STLC, functional, smoke, regression, and ad-hoc testing.
- Team Collaboration & Adaptability: Comfortable working in rotational shifts, team-based setups, and remote conditions.

Educational Background

Degree	Institution	Board/University	Year	Result
BCA	Shree Medha Degree College	VSKUB University	2024	7.2 CGPA
PUC (12th)	Sri Guru PU College	Dept. of Pre-University Education	2021	61%
SSLC (10th)	Saint Sai School	KSSEB	2019	60%
