MY BELIEFS

I believe: "While knowledge helps us in keeping the momentum between dreams and reality, one should take a pause, reflect and bring the culture of growth mindset in order to weather 'the weather' within and around you as celebrating living is the essence of everyday happiness."

I am compassionate, empathetic, resilient who is strongly inspired by the art form KINTSUGI which gives me a reminder to stay optimistic in whatever situation I am in and to celebrate flaws while working on being better version thereby leading to transformation.
