SUMMARY

Driven and adept at problem solving, I honed my skills in Java programming. I learnt new programming languages and platforms during my tenure as an Aiml Intern at Aqmenz Automation Private Limited. During my college days I have also served as a teacher in an academy where I got exposure to the students and their youthful minds. I got interest in teaching from there and wish to pursue it as a career.

EDUCATION

BE in Information Technology

BMS Institute of Technology and Management

01/2021 - 05/2024

High School (12th)

DBMS English School

03/2019 - 06/2020

High School (10th)

J.H. Tarapore School

03/2017 - 05/2018

EXPERIENCE

Aiml Intern

Aqmenz Automation Private Limited

08/2023 - 09/2023 Bengaluru, Karnataka

PROJECTS

Breast Cancer Detection Using Machine Learning

08/2023 - 09/2023 Location

The project was implemented in Python programming language on Jupyter Notebook. It focused on increasing the accuracy of detection of cancerous tumor using different machine learning algorithms. The algorithms were implemented and analysed to assess which one has the highest accuracy. Also included heatmaps and graphs for better visualisation of dataset
