introducing **ABOUT ME**

Hi, I am **Rashmi**, a self-taught artist passionate about exploring diverse art forms.

My creative journey is fueled by my love for experimentation and a constant drive to push artistic boundaries to produce innovative and visually captivating pieces.

To me, art is a powerful form of communication and self-expression. It is both a personal escape and a way to connect, where imagination meets reality, and it constantly inspires me to see and interpret the world in new and meaningful ways.
